

Dear Parents/Carers,

A number of parents have spoken to us about homework and requested more information about the topics the children are working on. We have listened to your feedback and we have devised a new homework system.

At the start of each half term your child will be given a topic homework pack (it will also be displayed on the school website). The pack will have a menu of activities and some accompanying resources. We would be grateful if you could work your way through some of the activities on offer or any other ideas linked to the topic that you may have. The children should work in their homework book and this should be returned in the last week of half term so the children can share their projects.

In addition to the topic work the children will continue to receive regular pieces of English and Maths homework including spellings, reading and tables. We suggest that you work with your children each evening for short periods of time so they do not become disengaged.

The whole school will receive homework on Fridays and it should be returned on Wednesdays.

We appreciate your continued support,

Mr. Verdin.
