

Dear Parents/Carers,

Welcome back. We have a very busy year ahead of us so we would like to share some information with you about this term including important dates and information about the curriculum content we will be covering in the Autumn Term. Keep an eye on our class blog on the website for regular updates and pictures of what we have been doing in class.

Your support throughout this year is key and I thank you in advance for it.

You can keep track of what our class is doing by following our school twitter account, you can also visit our class blog via the school's website. If you have not already done so, then please download the school's parent app to keep up to date with what is happening in the school this year.

## **Weekly Events:**

| Monday    |   |  |
|-----------|---|--|
| Tuesday   | Music   |  |
| Wednesday | Spanish and Yoga (Autumn 1).                                  |  |
| Thursday  |   |  |
| Friday    | + PE – A full school PE kit will be needed.                   |  |
|           | + Swimming – a swimming kit (including towel) will be needed. |  |

**Homework:** Children will usually be given two pieces per week, the homework will be related to topics they have covered recently, it is intended to cement learning which has taken place within the classroom. If your child struggles with the work set, please do not hesitate to let me know and I will gladly offer extra support. Homework will usually be issued through SeeSaw, so regular checking will ensure your child excels. If your child does not complete the issued homework for the due date, then they may have to stay in during a playtime to complete it – this will ensure that learning is embedded. For further support on what is expected, please visit the 'Parents' section of our school website.

The homework for this term and next may *seem* simple or easy at first, but this is purely to build up pupil confidence and ensure they have grasped the basics before moving quickly into many more complex subjects and topics.

**After-school Booster Sessions:** We will be continuing to run after-school booster sessions for pupils who have been invited. We will be changing the groups often and aim to have every child in a booster group throughout the year. The sessions will run until 4:15 and will usually start with an interactive game to start the session are help pupils focus, before building into a section of revisiting prior learning to ensure all learning has been embedded. Over years of experience, it is clear that structuring sessions in this way provides stronger learning for the pupils.

**Reading:** The children have each been given a reading day when they will need to bring in and/or change their books. It is very useful for the children to have their book bags in school every day for carrying letters and other items. We read every morning so it is very important that your child is on time everyday. It would be advantageous if you can read on a regular basis with your child at home - 10 minutes a day can make a great difference when it comes to the SATs.

**English:** The children will continue to cover a wide range of new spelling, punctuation and grammar (SPAG) that will develop and improve their writing ability. This term we will be focusing on several text types and beginning to develop a well-rounded style of mature writing. We will also have a predominant focus on SPAG, specifically spellings as this is a particular weakness of our class. We will have a large focus on developing your child's comprehension skills, preparing them for the end of year SATs.

**Maths:** Children will be learning about place value of numbers up to 10 digits (including decimal values). We will also be cementing their prior knowledge of the four operations – addition, subtraction, multiplication and division.

The children need to practice their times tables; to learn them off by heart as soon as possible will dramatically help their progress. *Times table knowledge is a year 4 skill, and should be treated with highest priority.* 

**Science:** This term we will be looking at the topic of 'Animals, Including Humans'. They will learn about the features, organs and systems of both the human body and the animal body – making comparisons. They will also learn about how to keep a healthy body.

**Computing:** In computing sessions we will be focusing on using Excel formulas. We will also be studying a STEM activity.

**Geography:** We will be using maps to study other countries, with a view to help our Historical learning.

**History:** Pupils will be learning about the process of World War 2, the aftermath of World War Two, and Far Eastern Prisoners of War.

**RE:** Our RE topic for this term is Islam. We will be discussing the question of 'What does it mean to be a Muslim today?'. We will cover all major religions in our RE topics throughout the year.

**Music:** This term the children will be learning about musical history and practicing their singing. They will also be learning about percussion music and continuing to study music notation.

**Art:** The children will produce artwork linked to the topics of RE, Geography and History.

**PSHE:** The children will be learning about the effects that alcohol has on the body and the effects of alcohol on others (addiction) They will be learning about how to lead a healthy lifestyle.

At the end of this year, the pupils will complete their Standard Attainment Tests, SATS. Due to the ever-increasing demands placed upon children, it is vital that we can rely on your support throughout the year, working together to ensure your child achieves the best possible result. By starting early, it will really help ease pressure later in the year. Your child will soon be applying for secondary schools and the SATs will help the schools to make their decisions.

## I also would like to politely remind guardians that you need to apply for secondary school before the deadline date. You should apply via the Liverpool City Council webpage if you are staying within the Liverpool region.

If you have not already, then download and sign-up for the SeeSaw app. Thank you to those who have already downloaded it and been in contact when needed. I have enabled comments and likes on there for parents.

Please follow our twitter @C6Pleasant for regular updates on our lessons throughout the day. Parental engagement via Seesaw and Twitter will help your child know the work they are doing in school is widely praised and valuable to them. I may also call home to express positive news about your children's work ethic or progress — so I look forward to sharing this with you.

Thank you for your support,

Mr N Nicholson and Mrs L Bloor

@C6 Pleasant @PleasantStPrim

**Useful Vocabulary** — If you can discuss these with your child at home, it'll really accelerate their learning this year.
