

## **Wellcomm: Section 7**

Your child has been screened using the Wellcomm screening tool. The results show that they need support with their communication in the following areas. We understand that they may be doing some of these things at home already but they are not yet demonstrating these skills at school.

We will be working on these areas in class and would appreciate your support. If you can, please work on the areas that are highlighted at home when playing and talking with your child.

We will be rescreening your child in 12 weeks.

- Taking on a role in pretend play
- Understanding 'many' and 'few'
- Understanding 'long' and 'short'
- Understanding why questions without picture support, eg. 'why do we brush our teeth?'
- Understanding 'first' and 'last'
- Using five-word phrases
- Using comparatives eg. longer, shorter, bigger
- Using opposite words eg. day and night
- Using 'his' and 'her' correctly
- Using the word 'because' to join sentences together

**If you have any questions or need help with how to work on these areas, please let us know as we are happy to help.**
