

Wellcomm: Section 9

Your child has been screened using the Wellcomm screening tool. The results show that they need support with their communication in the following areas. We understand that they may be doing some of these things at home already but they are not yet demonstrating these skills at school.

We will be working on these areas in class and would appreciate your support. If you can, please work on the areas that are highlighted at home when playing and talking with your child.

We will be rescreening your child in 12 weeks.

- Tell you what day comes after another e.g. 'what day comes after Saturday'?
- Understand complex emotion words such as 'anxious'
- Understanding phrases that have two meanings such as 'get your skates on'
- Show an understanding of what may happen next, for example, 'What will happen to the seeds that we have planted?'
- Tell you the days of the week in order
- Repeat 7-word sentences correctly
- Tell you the names of different categories eg. 'vegetables', and musical instruments'
- Understand and explain phrases that have two meanings such as 'ants in your pants'
- Use the future tense 'will' for example, 'she will brush the floor'

If you have any questions or need help with how to work on these areas, please let us know as we are happy to help.
