

Pleasant Street Primary School Enrichment Offer

Overview

Pleasant Street Primary School recognises that education extends beyond the classroom. Our enrichment offer provides pupils with opportunities to develop their knowledge, interests, talents, confidence, wellbeing and understanding of the wider world.

The provision complements the curriculum and is closely linked to the school's **5 R's: Reflection, Respect, Resilience, Responsibility and Resourcefulness**, alongside the **5 Ways to Wellbeing: Connect, Be Active, Keep Learning, Give and Take Notice**.

Pupils have access to a broad range of experiences, such as:

- Educational visits, visitors and workshops
- Sports, competitions and physical activities
- Art, music, drama and creative activities
- Outdoor and environmental learning
- Wellbeing activities, including yoga and mindfulness
- Cultural and community experiences
- Charity and fundraising activities
- Pupil leadership opportunities
- Clubs and opportunities to develop new interests
- Careers and aspiration activities

These experiences enable pupils to apply their learning in different contexts and discover strengths and interests beyond the classroom.

The school continues to develop links with local organisations, community groups, sporting organisations, museums, businesses and other external partners. These experiences help pupils understand their local community, the wider world and potential future careers.

The school's priorities are to:

- Ensure all pupils experience a broad range of enrichment opportunities.
- Develop a progressive enrichment journey from Nursery to Year 6.

- Strengthen links with the 5 R's and 5 Ways to Wellbeing.
- Increase opportunities for pupil leadership and voice.
- Develop further community, careers and aspiration opportunities.
- Monitor participation to ensure the offer remains inclusive.

The enrichment offer makes an important contribution to pupils' personal development, wellbeing, confidence, resilience and aspirations. It complements the academic curriculum and supports the school's ambition to develop confident, respectful, responsible and resourceful young people.

Our aim is for every pupil to experience new opportunities, discover their strengths and develop the skills and confidence needed for life beyond primary school.

Links to the 5 R's

Enrichment provides regular opportunities for pupils to develop the school's core values. Pupils develop **resilience** through challenges and competitions, **responsibility** through leadership and community activities, **respect** through cultural and collaborative experiences, **resourcefulness** through creative and problem-solving activities, and **reflection** through evaluating their experiences and achievements.

Links to the 5 Ways to Wellbeing

The enrichment offer supports pupils' wellbeing by providing opportunities to **Connect** with others, **Be Active** through sport and outdoor activities, **Keep Learning** through new experiences, **Give** through community and charity activities, and **Take Notice** through outdoor learning, mindfulness and wellbeing activities.
