LEARNING STARTS AT HOME!

Pleasant Street Primary School

Simple, fun activities to help your Year 4 child learn and grow every day.

1 Punctuate Speech Like a Pro!

Find conversations in books, comics or TV shows. Copy the speech and add the correct punctuation: speech marks " ", capital letters, question marks, commas and full stops.
Can you write your own short dialogue between two characters?

Tip: Read it out loud – does it sound right? Did you punctuate it so it's clear who is speaking?

2 Place Value to 10,000

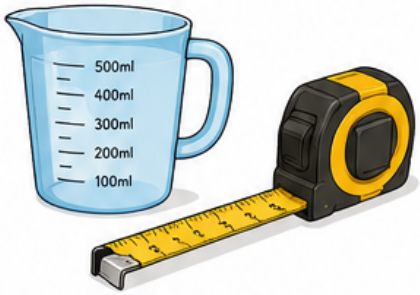

Thousands	Hundreds	Tens	Ones
2	4	6	7

2,467 | 5,938 | 7,205 | 9,871

Use everyday things to make 4-digit numbers up to 10,000. You could use digit cards, receipts, house numbers or car registrations.
Can you compare numbers and say which is greater or smaller?

Tip: What is the value of each digit? Which digit has the greatest value?

3 Measure in Everyday Life

Help around the house by measuring ingredients, the length of objects or the capacity of containers.
Use metres, centimetres, millimetres, kilograms and litres.
Can you estimate first, then measure? How close were you?

Tip: Use the correct unit and remember to read the scale carefully!

4 Eat Well – Plan Your Pizza!

Look at the Eatwell Guide together. Talk about the different food groups and why we need a balance.
Design your own healthy pizza! Choose your toppings to make a delicious and balanced meal.

Tip: Which toppings will give you energy? Which will help you grow strong? Which should we eat less of and why?

5 Discover the Romans!

Find out about the Romans and how they lived. What did they build? What did they eat? How did they entertain themselves?
Can you compare life in Roman Britain with life today?

Tip: Create a fact file, draw a picture or make a timeline of key events.

6 Be a Roman Detective!

Look for clues about the Romans in your local area – museums, books or online. What artefacts have been found nearby? What do they tell us about Roman life?
Can you find and share three interesting facts with your family?

Tip: Ask questions and share what you find out with someone else!

ORACY: SENTENCE STEMS TO USE WHEN DISCUSSING LEARNING

- I think that because...
- I agree with ____ because...
- I disagree with ____ because...
- I noticed that...
- Can you explain what you mean?
- What do you think will happen if...?
- How do you know?
- Can you give an example?
- I would like to know more about...
- This reminds me of...
- My favourite part was... because...
- Another way to look at it is...

Every little step, every big idea helps your child learn and grow!
Thank you for supporting learning at home!
